

CERTIFICATE

Artur Ampilogov

Has successfully completed test requirements of
The European Information Technologies Certification Programme

EITC/AI/DLPTFK Deep Learning with Python, TensorFlow and Keras

Certification Programme examination result:

80%

Certification Programme description:

Introduction: deep learning with Python, TensorFlow and Keras; Data: loading in your own data; Convolutional neural networks (CNN): introduction to convolutional neural networks (CNN); TensorBoard: analyzing models with TensorBoard, optimizing with TensorBoard, using trained model; Recurrent neural networks: introduction to Recurrent Neural Networks (RNN), introduction to Cryptocurrency-predicting RNN, normalizing and creating sequences Crypto RNN, balancing RNN sequence data, cryptocurrency-predicting RNN Model

Certificate Programme version/revision: EITC/AI/DLPTFKv1r1

CERTIFICATE ID: EITC/AI/DLPTFK/SLJ23004692
